

TRAINS ARE COVERED BY SNOWSLIDE

Avalanche Buries Mail and Passenger Trains in Washington

MANY PEOPLE MISSING

Passengers Asleep and Had No Warning of Danger—Rescuers at Work.

Seattle, Wash., March 2.—Rescue parties which have been digging all day in the snow and debris have been unable to find any more than the 23 dead reported this morning in the snow bank where the Spokane express was swept by the avalanche last night.

Seattle, Wash., March 2.—Sweeping down the steep mountain side on the west slope of the Cascades yesterday, an avalanche of snow overwhelmed two Great Northern trains, three locomotives, four huge electric motor engines and brought death to at least 30 persons, according to meager reports that have drifted in from Wellington, a station near the scene of the disaster.

Most of the train were believed to have been passengers on the west bound Great Northern Express, bound from Spokane to Seattle, which has been stalled in the mountain since last Thursday. They were asleep when the slide came.

The other train was the transcontinental fast mail, which carried no passengers. Twenty bodies have been recovered, 15 or 20 are injured and 25 are missing.

The two trains were in charge of Conductors Carzbycock and Pettit, both of Everett. The fate of the train crews is not known.

The private car of Superintendent O'Neill of the western division of the Great Northern, was attached to the express and buried with the rest of the train.

It is feared A. E. Longcoy, private secretary to Superintendent O'Neill, is among the dead. O'Neill, who has been directing the fight against the snow blockade for the last 10 days, was not in the car at the time and escaped injury.

The trains were overwhelmed near the west portal of the Cascade Tunnel. All telegraph wires are down to within 15 miles of the slide, and it has been impossible to obtain the names of the dead and injured.

As soon as word of the disaster reached Everett, the Great Northern division point, 100 miles west, a rescue train with physicians and nurses started for the scene. This was followed by a second rescue train carrying undertakers, wrecking outfits and laborers, which left Everett at 8 o'clock last night. As sections of the railroad track have been carried away farther down the mountains, the rescuers could only get within 15 miles of Wellington and had to make the rest of the distance from Seenie, a station 1000 feet below the tunnel, by foot through the mountains. By making a trail they can cut this distance to three miles.

The avalanche swept down the mountain side and was half a mile long. Most of the passengers on the train were asleep and received no warning. The trains and locomotives were buried by the debris and it was six hours after the avalanche before the rescue parties, made up from workers sent to attack the snow drifts, located them.

Reports received here last night say that the Great Northern power house, which furnishes electric power to operate trains through the Cascade tunnel and for the depot and water tank, were swept away by the avalanche, and that the railroad boarding house was badly wrecked. A number of the dead and injured are railroad men and residents of Wellington.

The Spokane express had been stalled at Wellington since Thursday last.

Reports of the number of passengers marooned on the train vary. The railroad company claims that there were only 20 people, but men who, tired of the delay, walked out over the snow to Skayhish, where they could get a train, say that more than 60 people were on board. Besides the passengers, several trainmen and laborers are supposed to be among the dead or injured.

CIVIL WAR

Threatened in Greece, Reactionaries Having Gained Upper Hand Over Army League.

London, England, March 2.—Civil war in Greece is expected to break out within the next few weeks, according to reports received here today. It is declared that conditions there have lately been reversed and that the reactionaries have gained the upper hand over the army league. There is no longer any danger of the league forcing the abdication of King George as he is largely in sympathy with the reactionaries, who are preparing to use the most vigorous methods in suppressing the league even at the risk of an insurrection.

Secret communications are being exchanged by the European powers looking to intervention in Greece the moment the threatened civil strife breaks out.

MAN SAID TO HAVE MADE INTERESTING OFFER TO TAFT.

Ansonia, Conn., March 2.—Charles F. Brooker, who is reported to have declared to President Taft that the corporate interests of the United States stood willing to pay the government's treasury deficit if a way could be found to eliminate the public debt.

dead and two badly injured, but the list is not thought complete.

At Carbin Hill, where the third slide occurred, two are dead and half a dozen injured.

A slide at Dorsey, Idaho, is reported to have killed two men and at Adair one man is reported killed by a slide.

Another slide went down the Coeur d'Alene hills last night, carrying away the compressor and buildings of the Aedon mine, near Mullen. No one was injured. The damage is estimated at \$5000.

SENSATION

Caused by Arrest of Prominent Young Man Charged With Larceny of \$4792.27.

Parkersburg, W. Va., March 2.—Charged with the larceny of \$4792.27 from the office of the United States Express company, J. H. Rector, night clerk in the local office was arrested here today. He is out on \$10,000 bond furnished by four wealthy citizens. Rector is a member of one of the old and respected families of this county and his arrest has caused a sensation.

ROOSEVELT

Not Entirely Out of Danger and Friends Fear That He May Be Stricken With Sleeping Sickness.

Washington, March 2.—Friends of ex-President Roosevelt here are somewhat worried over a statement made by Captain Fritz Duquesne, noted African lion hunter, that Roosevelt is likely to be stricken with the deadly sleeping sickness or the African fever when he gets back to civilization. Duquesne is an authority on Africa.

"The Roosevelt expedition has been in more than a score of sleeping sickness zones," he said, "and it is highly probable every member of the party now has virus in his veins. It may not develop until they reach Europe or even America."

OHIO RIVER STILL RISING

Marietta, March 2.—The Ohio river had a rise of 27 feet at 10 o'clock and was still rising three inches per hour. Forty feet is expected by midnight. This will inundate the business and part of the residence district.

CHANCES OF MEASURE DWINDLING

Utilities Bill Fathered by President May Get Its Bump

HANDS OFF OHIO, THE CRY

Municipal Affairs Committee of Senate Make Number of Recommendations.

Columbus, March 2.—The friends of the public utilities bill acknowledge that its chances are dwindling. It started out with a silver spoon in its mouth and President Taft as its godfather, an administration measure or the strength of which appeal could be made to the people for support next fall when the vote of the people will be even more important than the contribution of the corporation. No one knows what has happened to the prospects of the measure. Speaker Mooney is very anxious for its passage and its author, Frank Woods, is one of the most determined fighters in the house.

There are state politicians who would not be deeply grieved to see the Taft measure get its bumps; some of them because they think the president should keep his hands off Ohio state politics; some of them because they have been eliminated or are threatened with elimination by the Taft machine. They have a following in both houses.

The committee on municipal affairs of the senate last night made a big dent in the Longworth act which eliminates municipalities from issuing bonds in excess of four per cent of their taxable valuation without a vote of the people, when by a unanimous vote it decided to report with a recommendation for passage.

The bill of Senator Mendelsohn of Cleveland exempting bonds for elimination of grade crossings, street improvements, and street intersections from the operations of the act and also approved and recommended for passage the Baer bill which among other things exempts bonds issued for park improvements.

Philadelphia, March 2.—John J. Murphy, the most prominent labor leader of this city, who advocated as a strike measure the calling out of all the union men of Philadelphia, numbering 100,000, in sympathy with the striking trolley employees, is president of the city's Central labor union. He has held the office since June, 1908. Murphy is known among the workmen as an able leader and a fluent and persuasive speaker. He has also mixed in politics and last June was the Democratic party candidate for treasurer of the city.

Philadelphia, March 2.—When the big general strike of the union workers of Philadelphia in sympathy with the trolley men was decided upon the cry "On to the city hall" was immediately raised. The union leaders declared that they would put squarely up to the city officials the matter of trying up the city or compelling the trolley company officials to arbitrate their differences with their men. The city hall was fortified by the heads of the city government as if for a siege. Cots and provisions were placed in the hallways of the immense structure, and even the offices were given up for the use of the police reserves. Some of the "Black Hussars," by which name the mounted state police have come to be known, were placed on guard near the city hall. Among the men engaged in trying to find a solution of Philadelphia's strike troubles has been Senator James P. McNickol, the well known contractor and Republican leader, who added very materially in settling the strike of last June.

HIGH SCORES IN DETROIT TOURNAMENT

Detroit, Mich., March 2.—Another big day of two man and individual bowling started this morning at 9:30 with a bunch of teams from Belleville, Ill., Cleveland, Chicago, Winnipeg and Cincinnati, beside a number of local teams. Though games in all three events were rolled off yesterday only one first place in the standing was changed. Geo. Oakley of the Madison Wis., Colonials was the individual who supplanted O. Wahl of Cleveland, as the leader of the individuals. He rolled into first place by running up a score of 192, 212 and 237, a total of 642.

E. Wirthin of Cincinnati, hung yesterday's best individual score with a total of 274, bowling in team.

Buffalo is bidding for the next congress. It is expected St. Louis will also bid. The standing of the ten high teams in the three events is as follows:

CONCESSIONS TO OPERATORS

Baltimore, March 2.—The agreement reached in conference today between officials of the Baltimore and Ohio Railroad and the committee representing the telegraph operators provides an increase of wages, adding \$65,000 to the yearly compensation as a whole now received. Other provisions are the allowance of 15 days' vacation per annum for telegraphers working 12 hours and also Sundays and who have been in the service of the company ten years or more there is to be no change of hours at any of the offices and should telephones be substituted for the telegraph, no change in the pay of the operators is to be made.

FOG CAUSE OF COLLISION

New York, March 2.—A wireless dispatch received here from the steamer Tatus of the Royal Mail Steam Packet company, states that the steamer was in collision today with the schooner Republic of Thompson, Me., during a heavy fog 20 miles off Burne Gap Light. The schooner is badly crippled and the big wrecking tug relief have been sent to the scene. The Tatus escaped with small damage.

SUDDEN DEATH OF WM. TRICKEY EARLY TODAY

Mr. William Trickey, one of Newark's best known citizens, who has lived in Newark for the past twenty years, coming here from Columbus, died quite suddenly at the Hotel Ludlow about 4:16 o'clock Wednesday morning of heart trouble. Mr. Trickey, who is a retired R. & O. engineer, had been acting as night clerk at the Hotel Ludlow for the past six or eight months, started up stairs Wednesday morning about 4 o'clock for the purpose of calling Frank Gates, when he was taken with an attack of his heart and dropped to the floor, expiring in about fifteen minutes. For the past four or five years he had been suffering from the effects of a broken valve in his heart, and very frequently had attacks from which it was thought that he would not survive. He was aged 62 years and two months, and his wife had been dead since June 12, 1904. He is survived by four sons and one daughter. They are, Philip, a well known B. & O. conductor, of South Vine street, this city; Frank C. of Columbus, Miss. J. C. Brown of East Main street, and William G. of 22 North Cedar street, this city. Besides these he is also survived by one brother, Thomas, of Wilmington, O.

SCHOLARS WILL HAVE VACATION

Board of Education Decides Spring Vacation for Week of March 28—Business Transacted.

The time for the spring vacation for the pupils of the Newark public schools was decided upon by the members of the Board of Education, which met on Tuesday evening, and will last for one week, beginning on Friday, March 25th, and extending to Monday, April 4th.

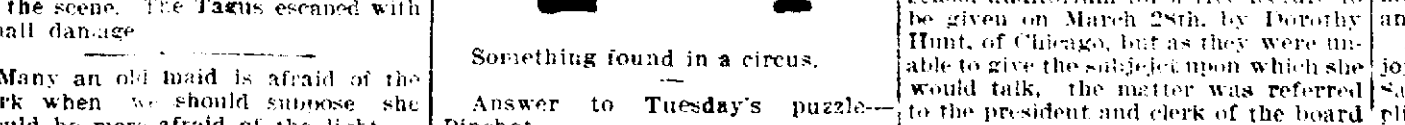

Gideon Liberman and Dr. J. A. Mitchell appeared before the board in the interest of the health of the children of the board to promote the health of the children. No action was taken on the matter, but it was referred to the committee.

A communication was received from the Cincinnati Associated Organization ending the attendance of the board to a bid pending in the legislature in favor of small school boards and asking the local organization to take action in favor of it, which they did.

The matter of adopting a course in manual training in the High school was referred to the committee on text books and course of study. A number of bills were also allowed.

A communication was received from the Women's Progressive League making application for the use of the High school auditorium for a free lecture to be given on March 29th, by Dorothy Hunt, of Chicago, but as they were unable to give the subject upon which she would talk, the matter was referred to the president and clerk of the board with power to act.

GENERAL STRIKE IS PROBABLE

Philadelphia Confronted by A Serious Labor Disturbance

ALL UNION MEN RESPOND

Rapid Transit Company Refuse to Agree to Arbitration Despite Strong Appeals.

Philadelphia, March 2.—Unless the officials of the Philadelphia Rapid Transit company can be forced to recede from their persistent refusal to arbitrate with their striking employees by Saturday Philadelphia will be in the throes of one of the most serious labor disturbances known in the history of a big American city.

Every union man in Philadelphia, it is believed, will respond to the call for the general sympathetic strike if matters are allowed to go that far. Indications are that it will take some hitherto unthought of expedient to force the street car company to agree to arbitration. Despite this pessimistic view of the situation which is forced by the attitude of the company in refusing positively to deal with its striking employees, the leaders of the strike express considerable confidence today and declare they will not have to resort to a general strike.

Upon what they base this statement they refuse to say and to the outsider it appears that the general strike is inevitable. The matter has gone too far for either side to recede. Philadelphia is not a strong union city. These are at least 100,000 well organized union men here who, it is believed, stand ready to obey the order to go out Saturday. Various locals have been holding referendum votes and in every instance they have voted to obey the call. Those unions which have not voted will do so before Saturday. The locals which have already voted to go out, according to reports from union headquarters, have a membership of 77,350 men.

Although the state police have been withdrawn and returned to their various stations in the western portion of the state, and the state fences have been relieved from strike duty, no trouble was reported last night, but the officials are inclined to believe this is only a calm before the storm and are swearing in every man who applies for a position as a special policeman. It is reported that at least 2,000 men have become special policemen within the past two days, although figures are refused by Director of Public Safety Clar. The merchants, ministers, professional men and laymen who have joined in a demand that the car company agree to arbitration have not given up hope, despite the absolute refusal of the company to agree. The last hope is the council, which at its Thursday meeting, will be asked to force the company to yield. The city of Philadelphia has a large financial interest in the management of the company and the council may take a hand. A number of common and select councilmen have already declared themselves in favor of arbitration, though they say they cannot see what they can do to force it.

Among the larger unions which have already agreed to go out Saturday are the Carpenters and Builders, numbering 5,000; Bricklayers, 2,100; Molders, 2,000; Musicians, 2,200; Brewery Workers, 2,000; Cigar makers, 2,300; Hatters, 1,800; Railroad trainmen 1,900; Carpet makers, 100; plasterers 300; United Hebrew Trades, 6,000 and Grocery Clerks, 1,000.

Recipes for March 3, 1910.

Curried Macaroni—Break one-half pound of macaroni in pieces and boil in plenty of salted water until almost done, then drain; rinse in cold water and drain again. In the meantime chop fine two large white onions and cook them slowly in two tablespoonfuls of butter. When golden brown add one dessertspoonful of curry powder and one heaping tablespoonful of flour; stir and brown. Add one-half cupful of chopped tart apple, one tablespoonful of sugar

and one and a half cupfuls of hot milk and stir until smoothly thickened. Season to taste with salt and pepper and simmer for 10 minutes, then add the drained macaroni. Simmer for 15 minutes longer and serve; garnish with sippets of fried bread.
Farina Pudding—Scald one pint of milk. Stir in five tablespoonfuls of farina mixed with a little cold milk, add the grated rind of one half lemon and cook for half an hour, stirring occasionally. Take from the fire, add three tablespoonfuls of sugar, the beaten yolks of two eggs and stiffly whipped whites of three; stand in a pan of hot water after turning into a buttered dish and bake in the oven for half an hour. Serve with a sauce made by boiling one half cupful of sugar and one quarter cupful of water to the soft ball stage, pouring over the stiffly whipped whites of two eggs and beating in three tablespoonfuls of currant jelly and one teaspoonful of lemon juice.

FOR CONSTIPATION

A Medicine That Does Not Cost Anything Unless it Gives Satisfactory Results.

If you suffer from constipation in any form, whatever, acute or chronic, we will guarantee to supply you medicine that we honestly believe will effect permanent relief if taken with regularity and according to directions for a reasonable length of time. Should the medicine fail to benefit you to your entire satisfaction we promise that it shall cost you nothing.

No other remedy can be compared with Rexall Orderlies for the easy, pleasant and successful treatment of constipation. The active medicinal ingredients of this remedy, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other valuable ingredients, it forms a preparation which is incomparable as a perfect bowel regulator. Intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy, and are notable for their gentle and agreeable action. They do not cause griping or any disagreeable effect or inconvenience, and may be taken at any time, day or night.

We particularly recommend Rexall Orderlies for children and for delicate or aged persons because they do not contain anything injurious. Unlike other preparations, they do not create a habit, but instead they overcome the habits acquired through the use of ordinary laxatives, cathartics, and harsh physic and remove the causes of constipation or irregular bowel action that are not of surgical variety.

We want you to try Rexall Orderlies at our risk. We know of nothing that will do you so much good. They are prepared in tablet form in two sizes: 26 tablets 25 cents, and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Newark only at our store, The Rexall Store, Hall's Drug Store, 16 N. Side Square.

BLACK AND GOLD.

Gold-stamped black gowns are having tremendous success this winter, and some of the most elaborate costumes worn at expositions were made in the striking combination of colors.

An effective example is shown above, where the gown is black crepe meteor, with halve elaborately trimmed with gold embroidery put on in design as illustrated.

The large pins worn in the fashionably arranged coiffure are cut jet.

It is impossible to make a record without breaking an old one.

NEW COIFFURE ARRANGEMENT.

A slight variation in the popular turban coiffure. As our sketch shows, the hair is dressed loosely over the pad in back and on top and in place of the much-used braid a crown of velvet ribbon encircles the crown of head fastening in a bow directly in front. The forehead finish is an artificially arranged bang or fringe as our foreign sisters say. This style will appeal strongly to the woman with little hair and who objects to false braids. Color of velvet ribbon should harmonize with one's eyes.

CITY COUNCIL OF GRANVILLE HOLDS SESSION

Mayor's Jurors Chosen for 1910.
Historic Village To Observe Arbor Day.

Granville, O., March 2.—The Town Council met in regular session Tuesday night, the roll call showing all members present with the exception of M. P. Ashbrook. Those who responded to their names were F. L. Ferguson, J. M. Jones, H. Partridge, W. A. Rusler and John Thomas.

The minutes of the preceding meeting were read by Clerk Judson Evans and duly approved.

The Trustees of Public Affairs reported that they had paid out for the month of February from the water fund, \$214.29, and from the light fund \$78.50, making a total of \$292.79. The report stated that the pump had been run for 295 hours, pumping 9,905,000 gallons of water and that the electric lights had been run for thirty hours. The report, which was signed by the secretary, William C. Thomas, was received and ordered placed on file.

The statement of the corporation fund was read by the clerk and received. The statement for the month of February showed a balance on hand of \$3,750.00.

A communication from Dr. C. C. Probst, secretary of the State Board of Health, was read by the clerk, in which the appointment of Dr. A. K. Follett as health officer of the village of Granville was approved.

The report of the committee appointed to select the names of thirty-six citizens to act as jurors for the mayor's court was read and approved. The report was as follows:

JURORS FOR MAYOR'S COURT.
Granville, O., March 1, 1910.
Gentlemen of the Council of Granville.
Following is a list of names selected by the committee of Council to serve as jurors in the Mayor's court for the year 1910:

Fred Miller, E. S. Reed, J. V. Wood, William Chrysler, Charles T. Wright, Warner Pond, Hiram LaFerre, William Black, Jerry Ackley, Alvin Grandstaff, John Geach, Charles C. Robinson, J. P. Jones, William Owens, Henry Welsh, I. H. DeBolt, Alfred Lee, T. J. Baker, Albert Norris, John Evans, John Hulshizer, E. J. Dorsey, George T. Jones, J. L. Lewis, W. P. Ullman, Mills King, Fred Siegel, Wm. L. Howe, L. W. Perry, J. B. Jones, Cliff Case, Barton Case, George A. Reese, James Fossick, C. B. White, Frank F. Robinson.

M. P. ASHBROOK,
F. L. FERGUSON,
W. A. RUSLER,
Committee.

The bond of Dr. A. K. Follett as health officer of Granville for the ensuing year was approved.

Mayor Barnes appointed Mr. J. S. Graham as member of the Board of Public Affairs to succeed John Smith for the unexpired term ending December 31, 1911. In making the appointment the mayor took the opportunity to pay a well deserved tribute to the deceased in which he spoke very highly of him as a man and citizen.

The Mayor reported that he had received during the months of January and February from fines and hall rent

the sum of \$35. The report was received and ordered placed on file.

The finance ordinance was passed under a suspension of the rules. Mayor Barnes stated that he had received the proclamation of Governor Harrison calling for a general observance of Arbor Day. He said that the Ladies' Civic Improvement Society of Granville are very much interested in beautifying the town, and that they had suggested that the planting of trees in Granville on Arbor Day would be the proper thing to do; that they had requested him, as mayor of the village, to have the street committee co-operate with them. It is proposed to have the school children of the village take part, which has the hearty commendation of Prof. Clements.

The matter of offering the Municipal Building to The King's Daughters for the purpose of holding their markets and fairs was taken up. The King's Daughters have been without permanent quarters of this kind and it was unanimously decided to extend the courtesy of the use of the building to them. The proposition was suggested by the Clerk, Mr. Judson Evans. After the discussion of some further business of minor importance council adjourned.

Mrs. George Wright of Hebron spent Saturday here, the guest of relatives.

The sugar camps in this vicinity are now being opened up, and a good run of sap is expected. There were not many apples in the orchards to make apple butter or apple jelly, so that maple syrup will be a fine spread set on the table of any home.

E. I. Case and son Earl, made a short visit in Croton.

Mr. Austin, who is seriously ill at the home of his parents on Centerville, is somewhat improved.

Mr. and Mrs. William Millbaugh of Mansfield, made a short visit here with friends Tuesday.

The item in Tuesday's Advocate regarding sewage for Granville, created a great deal of comment. The consensus of opinion among all classes of people is that the improvement is very urgent and the sooner it is provided the better it will be for the health of the community.

NEW BETHEL

The New Bethel Sunday school will reorganize next Sunday morning immediately at the close of the preaching service. All members are requested to be present and voice their sentiments in the selection of officers and teachers.

Truman and Doug Grandstaff and Mrs. H. J. Debolt were summoned Monday to the bedside of their sister, Mrs. Linnabary, of Van Valley. Mrs. Linnabary is seriously ill from the effects of the grip, and is also suffering a severe hemorrhage of the nose.

Mrs. and Mr. Isaac Payne sold their home of seven acres just over the line in Delaware county and formerly known as Macbride P. O., to Mrs. Inez Feazel for \$1500. Mr. and Mrs. Payne will locate permanently in Johnstown, where they have been making an extended visit at the home of their son, I. E. Payne.

Mrs. J. M. Welsh is suffering from muscular rheumatism.

Mrs. Corbin is under the doctor's care.

The little child of Mr. and Mrs. A. Meridith, who has been seriously ill with double pneumonia for the past week, is now rapidly recovering.

Mrs. Douglass Grandstaff and son Verne spent Saturday in Johnstown at the home of the former's parents, Mr. and Mrs. V. V. Lake.

Miss Mary Welsh assisted Mrs. Blanche Downing last week while moving to the Jacob Boston farm.

The heavy rain Saturday night and Sunday has swollen the creeks to several times the capacity of their channels. Flood gates and fences were washed away.

Mr. Alva Tuttle and Miss Letta Grandstaff were the guests of Mr. and Mrs. Harry Wells, of Appleton.

Miss Kathryn Searles, of Galena, spent Friday night and Saturday at the home of her sister, Mrs. Raymond Feazel.

Mrs. Nancy Barcus, an aged lady of State road, is seriously ill with pneumonia.

S.S.S.

CURES BLOOD POISON

The only way to cure Contagious Blood Poison is to REMOVE its cause. Trying to kill the germs within the system, or counteract disease cells in the blood with powerful mineral medicines, not only results in failure, but also weakens the more delicate and vital tissues, and allows the original trouble to attack other portions of the body.

It is solely on the principle of removing the cause by purifying the blood, that S. S. S. cures Contagious Blood Poison, and it does this because it is the most perfect and thorough of all blood remedies. It does not work on the principle of killing one poison by taking another, or trying to dry up the germs in the blood, but it cleanses the circulation and REMOVES the last vestige of the contagious infection.

Contagious Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny pimple or sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time the victim finds his body is affected from head to foot. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, yellow spots disfigure the skin, the glands in the groin and neck swell, and as the poison becomes more thoroughly saturated into the blood the hair and eyebrows come out.

Contagious Blood Poison is too dangerous to trifle with. Medicines which merely check the progress of the poison, for a time and leave the insidious germs smoldering in the blood, have brought misery and disappointment to thousands. Faithfully they took such treatment for months, perhaps years, only to find when it was left off that the vicious disease was ready to crop out again in all its former destructiveness.

The only possible way to cure Contagious Blood Poison is to remove the cause. This is just what S. S. S. does; and it is the one medicine that absolutely and thoroughly cleanses the blood of every trace of germs and virus of the disease. S. S. S. goes into the circulation, and while removing the cause makes the blood pure, fresh and healthy. This causes a general upbuilding of the entire system, and when S. S. S. has made a cure the patient experiences a change to vigorous, robust health.

S. S. S. is made entirely of roots, herbs and barks. It does not contain the slightest particle of Mercury, Potash or any other mineral substance to upset the stomach, affect the bowels, or inflame any of the delicate membranes of the body. On the other hand, it is a fine tonic, made of botanical ingredients that aid the system in every way to overcome the effects of Contagious Blood Poison. We have a book on Home Treatment which we will send, together with any medical advice free to all.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

COVERED WITH SORES.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large red spots on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

CURVED WASHBOARD. Enables User to Rub Clothes on It With Saving of Energy. Another invention to lighten the labors of the washwoman is that shown in this illustration. This is a washboard designed by an Ohio man, and its advantage over the old-style washboard lies in the fact that the front, or rubbing surface, is curved outwardly, thereby reducing a great saving of "elbow grease" on the part of the user. The board is made of a single sheet of metal, with its

RUBBING PORTION CONVEX. "elbow" silted and a shelf over the top. The body portion, or rubbing portion, is convex and rounded so that even a light pressure on clothing passed over it will give all the results of hard rubbing over the ordinary flat washboard with its irregularities. The outward curve of the new board fills out wet garments much better than a flat surface would do, and a wider surface of the garments is affected than on the old-style board.

Indigestion, Heartburn, Gas or Headache Vanishes Five Minutes After Taking Some Diapensin.

If what you just are suffering on your stomach or heart, or a bad case of lead refusing to digest, or you belch Gas and Eructate, or suffer from Dizziness, Heartburn, Fullness, Nausea, Bad taste in mouth and stomach headache, this is Indigestion.

A full case of Diapensin costs only 25 cents and will thoroughly cure your out-of-order stomach and leave sufficient appetite to enable you to eat some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these Diapensin cases. Then you will understand why Diapensin is called "all hands must go" and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapensin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a hearty appetite, but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for Bilelessness or Constipation.

This city will have many Diapensin cranks, as some people will call them, but you will be cranking about this splendid stomach preparation, too, if you ever try a little for Indigestion or Gastritis or any other Stomach misery.

Get some now, this minute, and forever rid yourself of Stomach Trouble and Indigestion.

A Wooltex Summer Overcoat For Fastidious Women

Don't you women, sometimes envy a man his light summer overcoat? Well, ladies, one for you — a Wooltex — a coat we are just proud of a style that is exclusive with us. It is the lightest, warmest, most comfortable, and most stylish coat on the market. It is light in weight, but it won't wrinkle, easy to slip on, with pockets big enough for real service, made in sturdy material, of serge in neutral colors that won't show soil.

It is made on modified lines, a little less than close fitted.

Such a coat will be useful for hurried trips down town. When you do not want to change to a street dress, for traveling, or for business wear.

Wooltex

Garments bearing this label are guaranteed by the makers to be correct in style and honest in workmanship to be of pure wool or silk, and to give two seasons' satisfactory service.

On this guarantee we are authorized, by the manufacturers, to make good, without question, whenever called on to do so.

WOULD ABATE DISEASE BREEDING NUISANCE BY ABANDONING CANAL BED

Editor Advocate: I have read of Newark, and with some interest the recent communication from Mr. Hull pointed out the purpose of the Ohio Canal and also what seems to be a misrepresentation printed with big headlines in your paper some days ago. With reference to the numbers, and by which you, through a misunderstanding, put the bill now pending in the legislature, introduced by Hon. R. W. Howard, to turn the canal bed in the city of Newark over to the city for the purpose of a public street, in the same catalogue with the bills in which it is attempted to have the state abandon its right in the Ohio Canal all together. In reference to the communication of Mr. Hull, it is all very well, provided the millennium arrives in the reformation of the Ohio Canal, but what in the world are we to do with this old breeding and disease spreading hole running through the heart of our city until the millennium of Mr. Hull arrives? Are we to stand the existence of this intolerable nuisance for generations to come simply to wait for something that will never be done, and to keep a few persons on the payroll of the state of Ohio? I have no doubt that should the condition ever become such that it would pay to open up a canal through this old canal bed in the city of Newark, that the citizens of Newark would be willing to have it done, but in the meantime, it is not right to the people of Newark to keep up such a nuisance in existence through the very center of our city just to wait for something to occur that will never happen.

Now, Mr. Editor, you are a mistake about classing this bill introduced by Mr. Howard with the one asking for the total abandonment by the state of Ohio Canal. Before the canal was built in this city, the place where it is now located was one of the principal streets of the then town

of Newark, and the authorities were permitted to take possession of the purpose of the public highway. It was the changing the use of the street to another. Now, the city of Newark, after laying a pipe through the city, is attempting to furnish the demand for water to the public use as it was taken by the state, with the start of the city. It should the millennium spoken of by Mr. Hull in the restoration of the Ohio Canal ever occur, that the city will be willing to restore this public street to the state for canal purposes. And no one will ever doubt the importance that the Ohio Canal be resumed in the city of Newark, but what the city of Newark and its citizens would have enterprise enough in order to get the improvement to excavate for such waterway and part of the old canal bed that has been turned over to the city for a public street.

I write this, Mr. Editor, in order to remove the wrong impression that seems to prevail as to what the city is asking of the state in this bill sought to be passed, as we cannot expect the legislature, or the state, with the opposition that will come from the persons living off of it, to pass this bill in the city of Newark, especially the public press, are not in favor of the conversion of this old canal bed into a public street by the passage of this bill.

Very truly yours,
J. A. FLORY.
